Metric Wheel Nuts and Bolts Description

Metric wheel nuts and bolts are identified in the following way:

- The wheel nut has the word Metric stamped on the face.
- The letter M is stamped on the end of the wheel bolt.

The thread sizes of metric wheel nuts and the bolts are indicated by the following example: M14 x 1.5

- M = Metric
- 14 = Bolt diameter in millimeters
- 1.5 = Millimeters gap per thread
