Illustration	Tool Number/Description
	DT-35512 J-35512 Inner Pinion Bearing Installer

Illustration	Tool Number/Description
 A blue cylindrical container, likely a can of lubricant. The label on the container reads "SEALED POWER" in large, bold, black capital letters, followed by "TRANSMISSION ASSEMBLY LUBE" in smaller, bold, black capital letters. The container has a slightly flared top and a dark blue base.	DT-36850 Transjel Lubricant

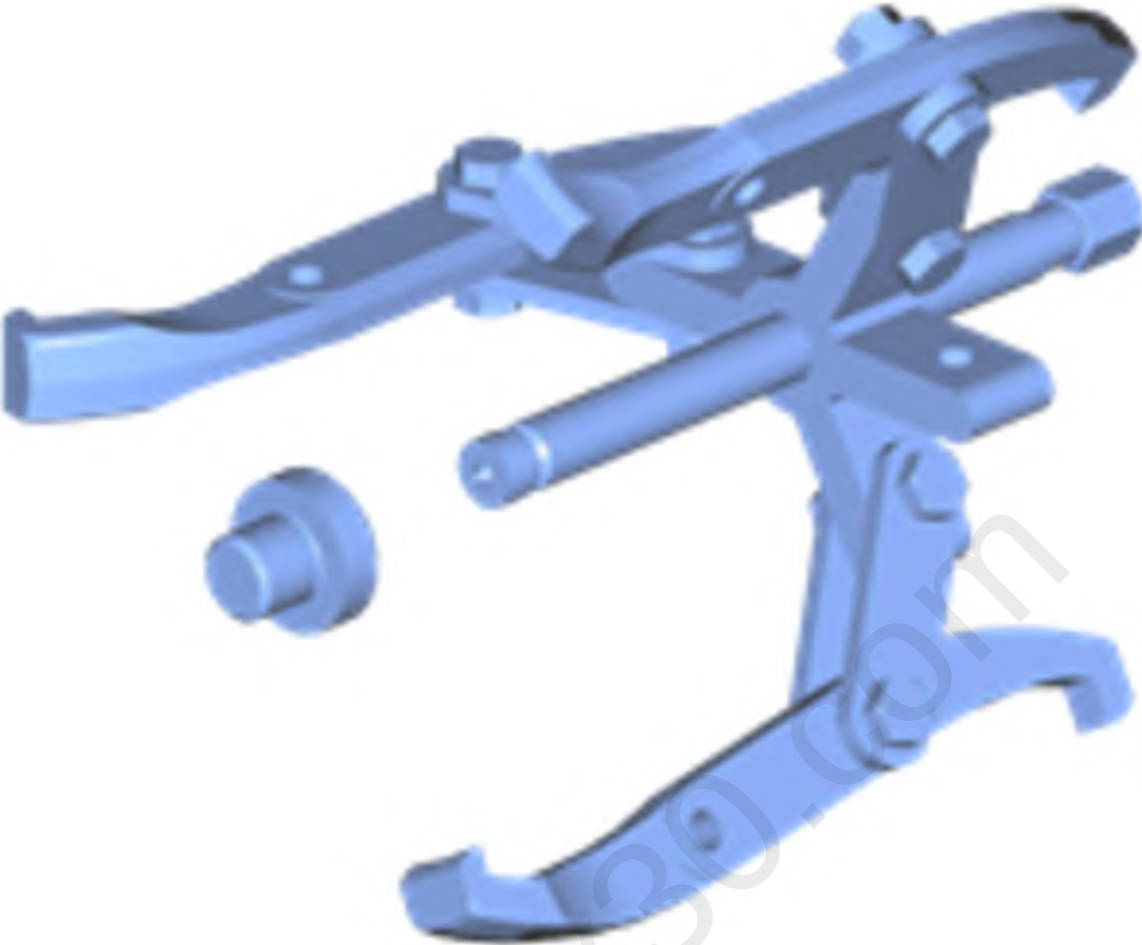

Illustration	Tool Number/Description
	DT-38734 J-38734 Intermediate Spring Compressor Adapter

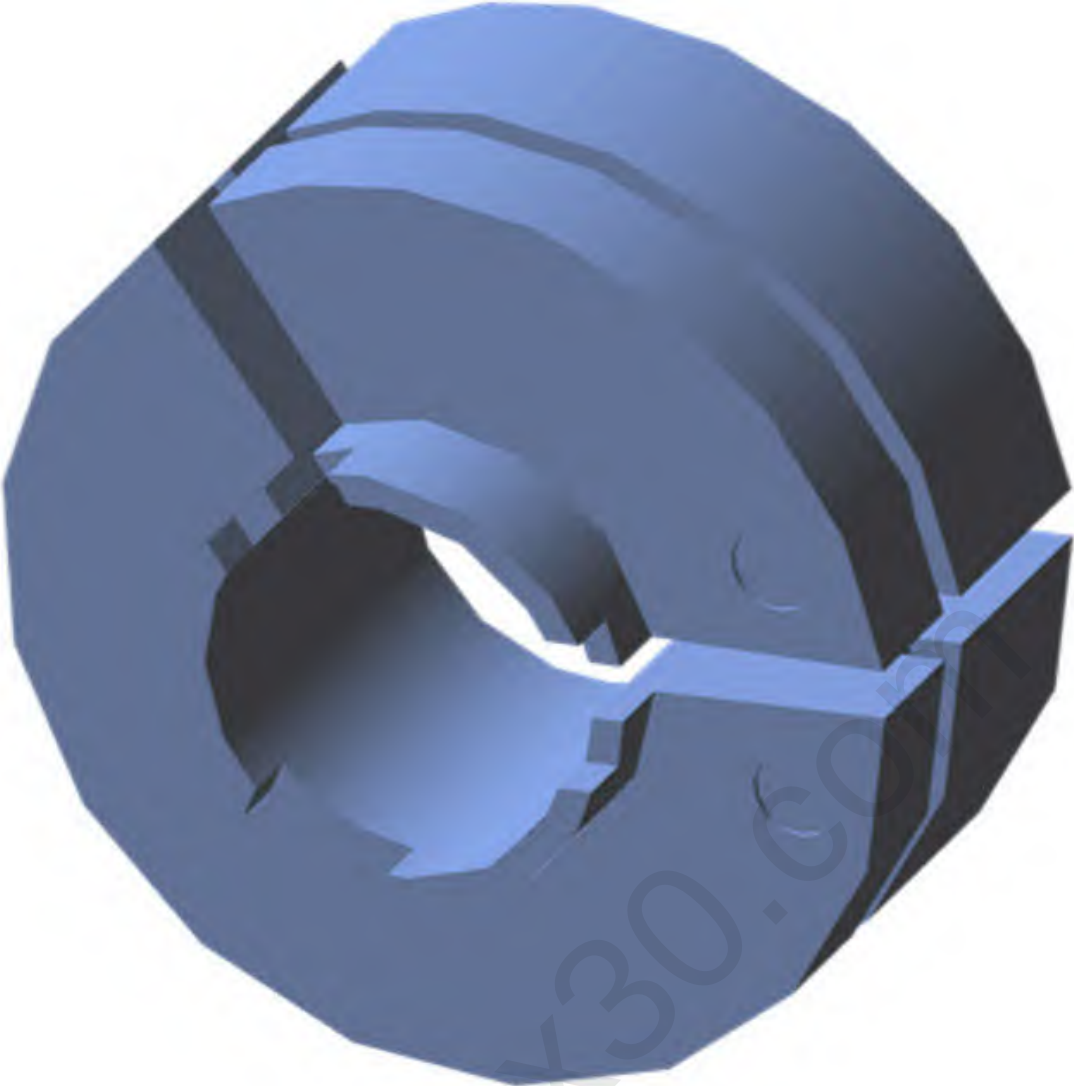

Illustration	Tool Number/Description
 A 3D CAD model of a blue, ring-shaped tool. The tool has a central bore and is divided into several radial segments by slots. The model is shown from an isometric perspective, highlighting its complex, multi-faceted geometry. A large, faint watermark 'mcx30.com' is visible across the lower half of the image.	DT-41623-B J-41623-B KM 41623-B Cooler Quick Connect Tool

	DT-45096 J-45096 Transmission Oil Cooling System Flush and Flow Test Tool

Illustration	Tool Number/Description
 The image shows two blue metal transmission cooler flush adapters. Each adapter has a long, straight body with a hexagonal nut in the middle and a threaded end. The top of each adapter has a flange with a central opening. A large, diagonal watermark 'mcx30.com' is overlaid across the image.	DT-45096-30 J-45096-30 Transmission Cooler Flush Adapter

	DT-45096-40 J-45096-40 Transflow Oil Fill Adapter

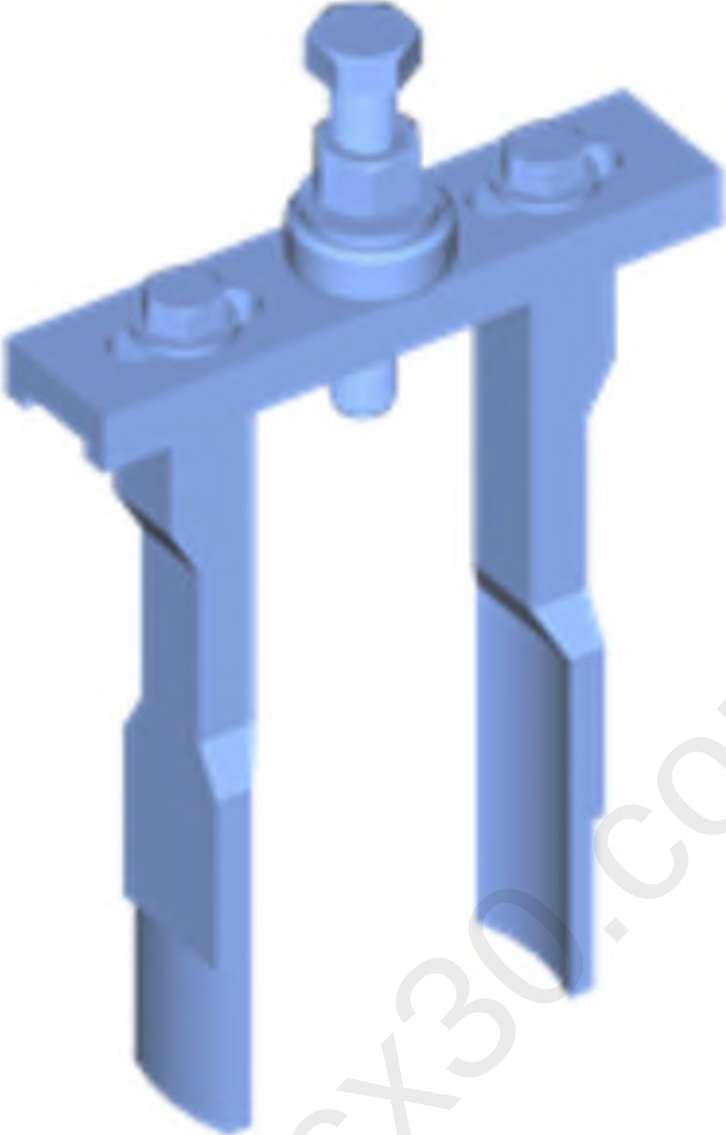

Illustration	Tool Number/Description
	DT-45124 J-45124 Remover Bridge

Illustration	Tool Number/Description
 A blue line drawing of a pair of snap ring pliers. The tool has two long, tapered handles. The handle on the left has a small circular hole near the base. The handle on the right has a small circular hole and a small rectangular notch near the base. The two handles are joined at a pivot point. The jaws of the pliers are at the end of the handles, with one jaw having a serrated edge. A small, curved, serrated metal piece is attached to the side of the handle on the right. The entire illustration is set against a white background with a faint, diagonal watermark that reads 'mcx30.com'.	DT-45126 J-45126 Snap Ring Pliers

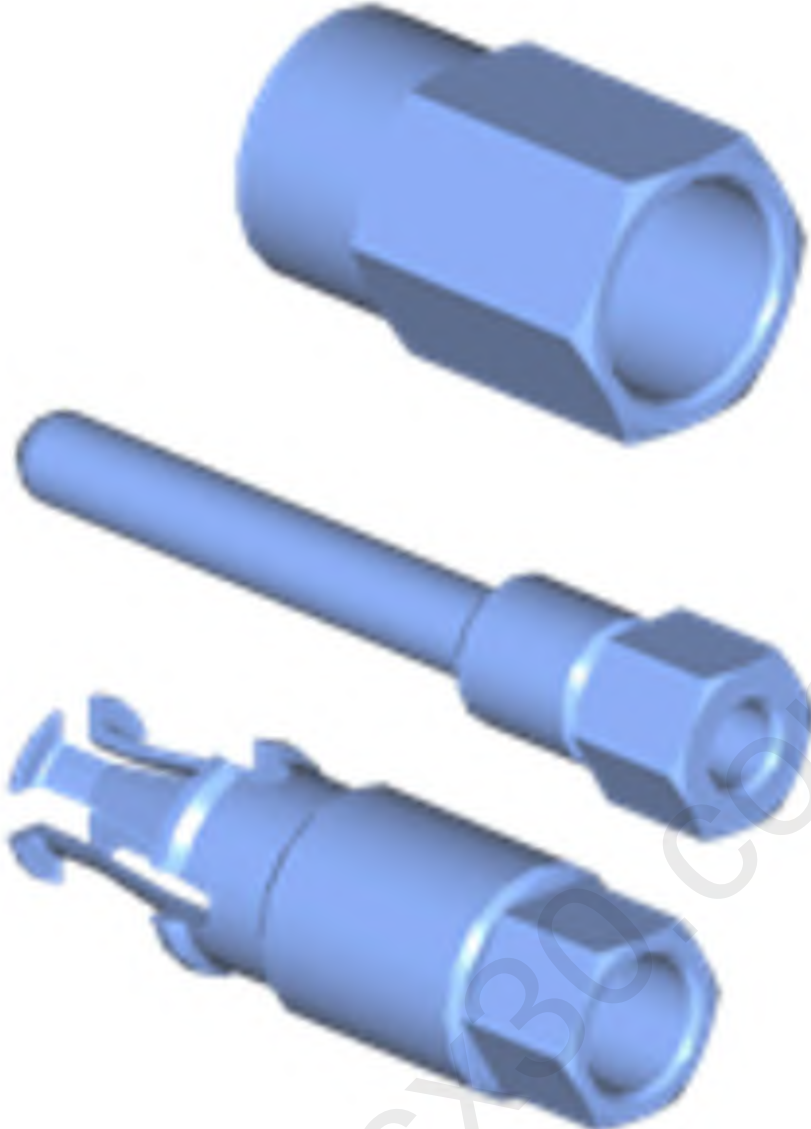

Illustration	Tool Number/Description
	DT-47731 1/2 Inch Quick Connect Release Tool

Illustration	Tool Number/Description
 A 3D illustration of a blue, 12-tooth gear-like tool. The tool has a central circular hub with 12 teeth extending outwards. The teeth are arranged in a circular pattern, with each tooth having a flat top and a curved side. The tool is shown from a slightly elevated perspective, highlighting its thickness and the uniformity of its teeth.	DT-47761 Clutch Spring Compressor

	DT-47768 - 1 Seal Protector

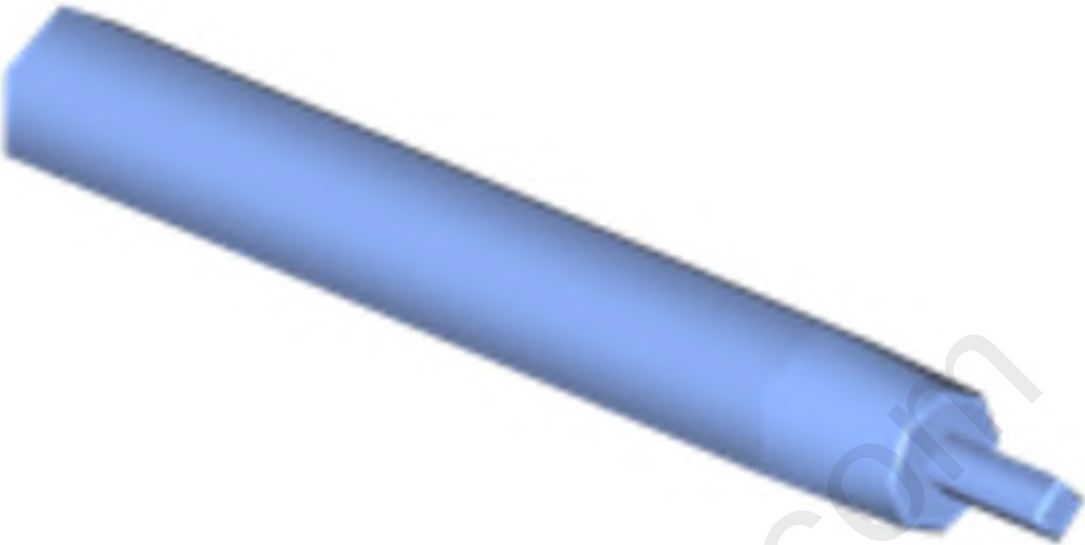

Illustration	Tool Number/Description
	DT-47768 - 2 Seal Pusher

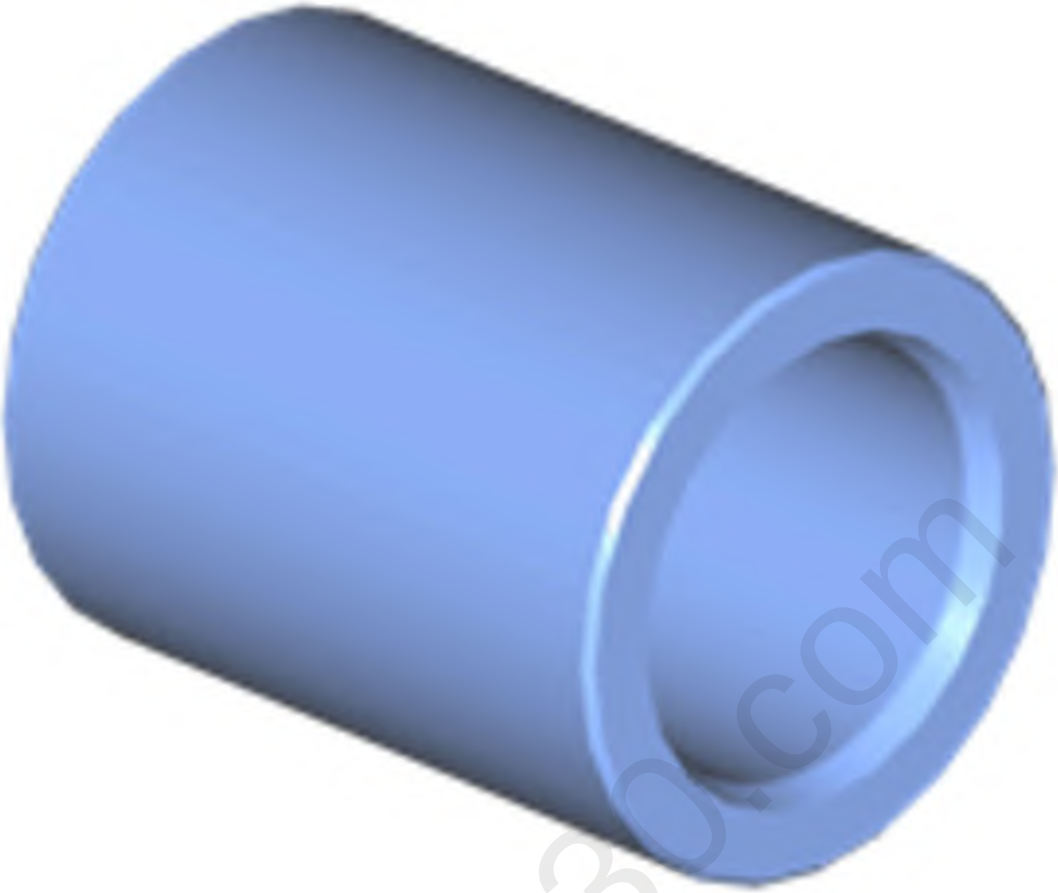

Illustration	Tool Number/Description
	DT-47768 - 3 Seal Sizer

Illustration	Tool Number/Description
 A 3D rendering of a blue cylindrical tool, identified as a seal installer. The tool is oriented diagonally from the bottom-left to the top-right. It has a smooth, metallic-looking surface. Near the top-right end, there is a small, circular hole or indentation on the side. The bottom-left end appears slightly flared or has a different texture. A large, light gray watermark "mcx30.com" is visible across the lower half of the image.	DT-47770 Seal Installer

Illustration	Tool Number/Description
 The illustration shows two blue, triangular-shaped adapters, each with five circular holes along its length. Below the adapters are eight blue snap ring pins, arranged in two rows of four. The pins have a hexagonal head with a central slot and a threaded shaft.	DT-47773 Snap Ring Pliers Adapter Set

Illustration	Tool Number/Description
	DT-47778 - 1 Low Clutch Sprag Retaining Ring Cone

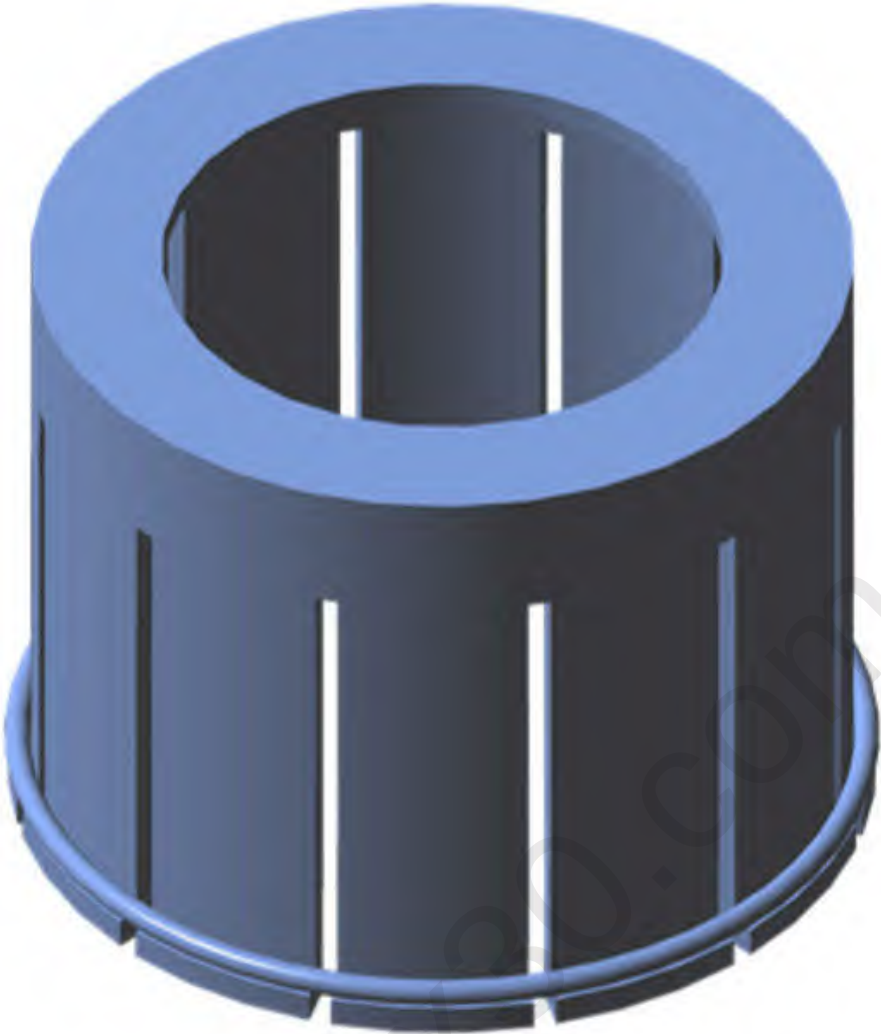

Illustration	Tool Number/Description
	DT-47778 - 2 Low Clutch Sprag Retaining Ring Pusher

Illustration	Tool Number/Description
 A 3D CAD model of a blue cylindrical tool. The tool has a hollow body with a rectangular slot cut through its side. At the top of the cylinder, there is a rectangular flange or lip that extends slightly above the rim. The model is shown from a perspective view, highlighting its three-dimensional structure.	DT-47779 Clutch Spring Compressor

Illustration	Tool Number/Description
 A 3D rendering of a blue transmission fluid fill pan adapter and a blue O-ring. The adapter is a hexagonal nut with a long, tapered cylindrical protrusion on one side. The O-ring is a thick, circular ring. Both components are shown in a light blue color with soft shadows. A large, light gray watermark 'mcx30.com' is diagonally across the image.	DT-47784 Transmission Fluid Fill Pan Adapter

	DT-47786 Output Carrier/Shaft Lifting Tool

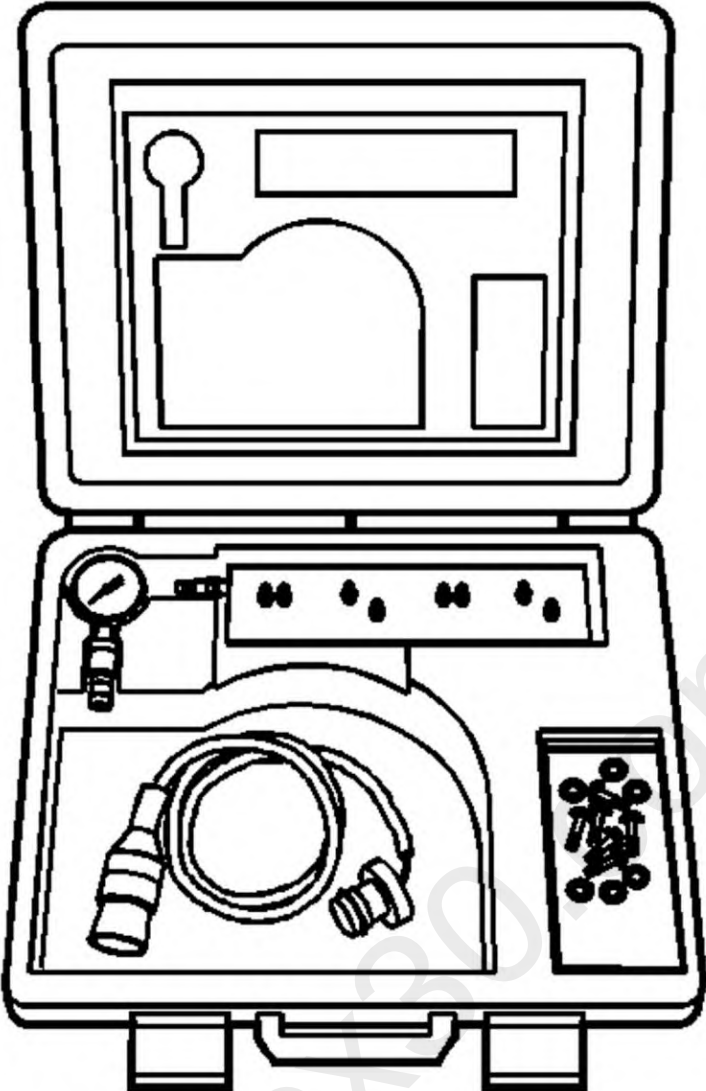

Illustration	Tool Number/Description
	DT-47825 Control Solenoid Test Plate

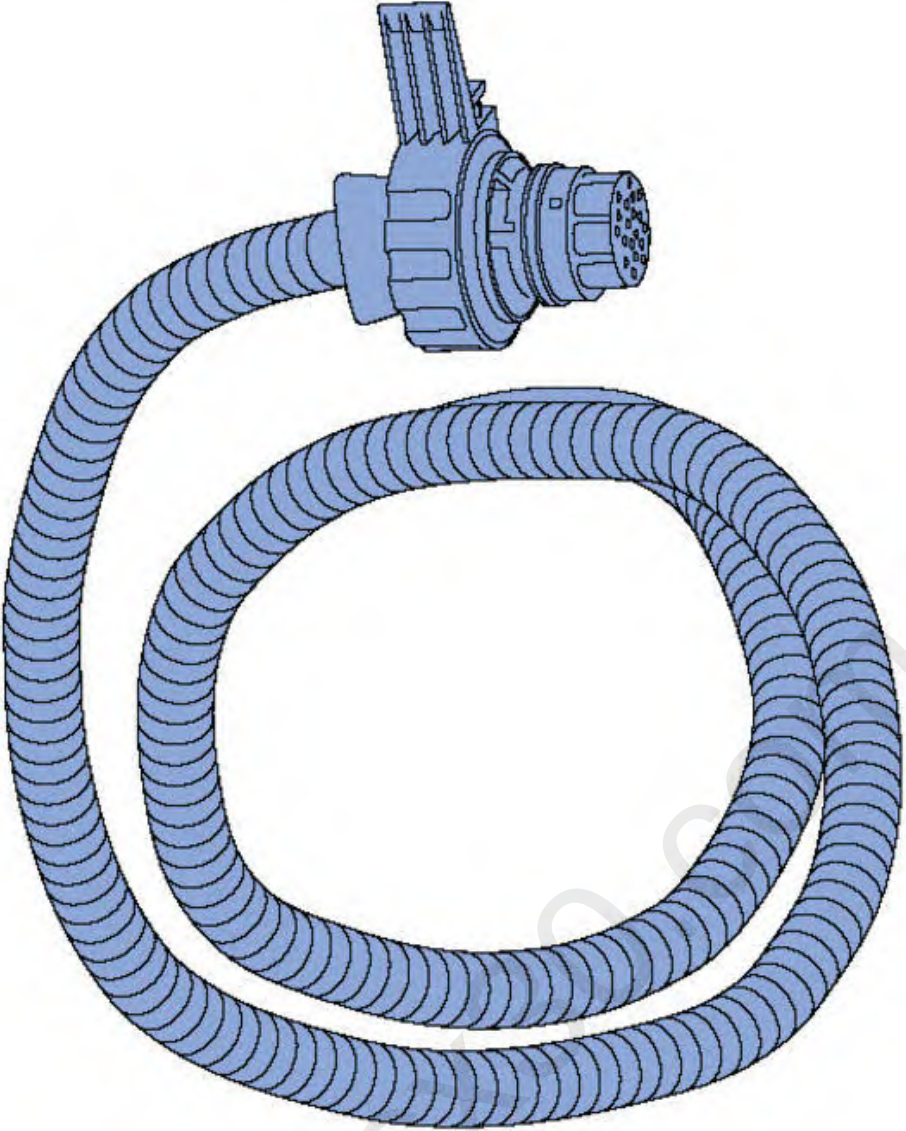

Illustration	Tool Number/Description
 A blue jumper harness is shown. It features a multi-pin connector at one end, which is a blue plastic housing with a circular base containing several pins. A blue, braided cable extends from the connector and is coiled into a large loop. The cable has a textured, braided appearance. The entire harness is rendered in a light blue color with black outlines.	DT-47825-10 Jumper Harness

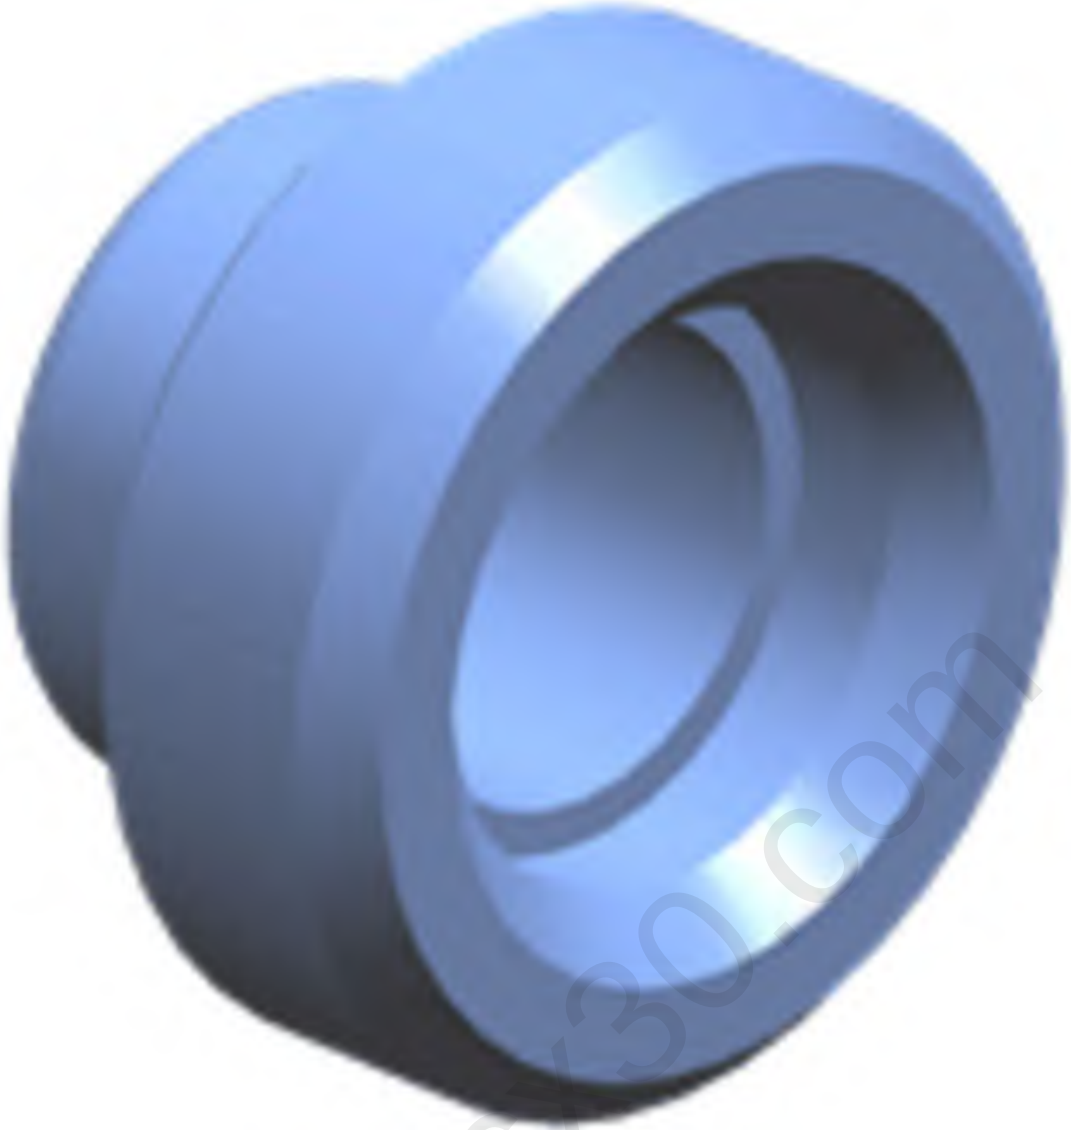

Illustration	Tool Number/Description
 The illustration shows the components of the DT-49291 Clutch Travel Air Passage Plug Kit. On the left is a long, vertical blue shaft with a hexagonal base. To its right are two small blue wing nuts and a blue washer. Further right is a large blue circular component with a central hole and several smaller holes around its perimeter. Below these are two rows of small blue components: a row of five blue rectangular plugs and a row of five blue circular plugs. To the right of these are two blue cylindrical components, each with a hexagonal base and a central hole. A large, light gray watermark 'mcx30.com' is diagonally across the entire illustration area. Illustration	Tool Number/Description
 The illustration shows four mechanical tools. In the top left is a four-way screwdriver with a central hub and four long, thin handles. In the top right is a C-clamp with a U-shaped frame and a threaded rod with a conical foot. In the bottom left is a knurled adjustment knob mounted on a cylindrical base with a side flange. In the bottom right is a dial indicator with a circular dial face, a needle, and a long, thin plunger rod.	GE-8001 J-8001 Dial Indicator Set

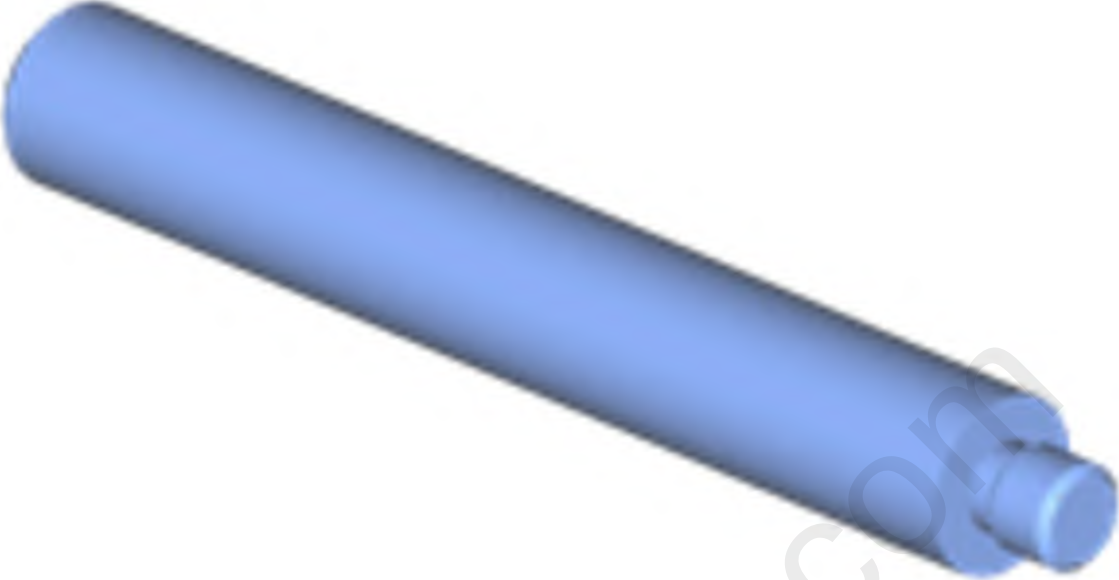

Illustration	Tool Number/Description
 A 3D rendering of a blue cylindrical driver handle. The handle is long and tapers slightly towards the right end, where it has a hexagonal base. The surface is smooth with a slight gradient. A large, light gray watermark 'mcx30.com' is diagonally across the image.	GE-8092 J-8092 Driver Handle
