Illustration	Tool Number/Description
	EL-51578 MOST Bus Diagnostic Tool Kit

Illustration	Tool Number/Description
 A line drawing of an 8-pin connector and a touch pad. The connector is a rectangular plastic housing with eight pins extending from the front. A cable is attached to the back of the connector. The touch pad is a cylindrical component with a cable attached to the top. The touch pad has the text 'LCM' printed on its side. The cable connects the connector to the touch pad.	EL-51578-1 8-Pin Black Connector Touch Pad
