

A horizontal bar chart with six bars of equal length, each a different color. From top to bottom, the colors are cyan, green, brown, yellow, magenta, and light blue. The bars are separated by thin white gaps.

3. **NOTE:** Make sure that the spring is correctly located in the upper spring seat.

Align the spring in the upper spring seat.

4. Install the lower arm.
Refer to: Lower Arm (204-02 Rear Suspension, Removal and Installation).
