Motorcraft® Alkaline Neutralizer ZC-2-A	-

Repair

NOTE: Refinishing - Environmental Damage

1.

WARNING: Before beginning any service procedure in this service information, refer to health and safety warnings in GENERAL INFORMATION . Failure to follow this instruction may result in serious personal injury.

Refer to: Body Repair Health and Safety and General Precautions .

2.

NOTE: Never paint over iron particles as rust spots will reoccur. Use only the recommended decontamination procedure detailed below.

Rinse any dust, dirt and foreign material from the vehicle body with cold water. Flush liberally.

3.

Prepare the acid neutralizer by mixing 8 parts of water to 1 part neutralizer in a bucket.

Material

: Motorcraft® Acid Neutralizer / ZC-1-A

4.

NOTE: To avoid paint failure, do not allow the product to dry on the vehicle.
