

## Specifications

### General Specifications

| Item                              | Specification                      |
|-----------------------------------|------------------------------------|
| <b>Fuel Pressure</b>              |                                    |
| KOER                              | 52.9 â€“73.0 psi ( 365 â€“503 kPa) |
| KOEO                              | 52.9 â€“73.0 psi ( 365 â€“503 kPa) |
| <b>Fuel Tank Capacity</b>         |                                    |
| Chassis Cab Aft-of-axle fuel tank | 40 gal ( 151 L)                    |
| Chassis Cab Midship fuel tank     | 26.5 gal ( 100.3 L)                |
| Midship plastic fuel tank         | 29 gal ( 110 L)                    |
| Midship plastic fuel tank         | 34 gal ( 129 L)                    |
| Midship plastic fuel tank         | 48 gal ( 182 L)                    |
| Chassis Cab Dual fuel tanks       | 66.5 gal ( 251.7 L)                |
