

Description and Operation

General information

Item	Description
1	Brake calliper
2	Brake pad wear sensor
3	Brake pad
4	Brake caliper support
5	Brake disk
6	wheel hub assembly,

On the new Transit Custom, there is a brake pad wear indicator on one brake pad of each brake. This is a new feature compared with the previous model, on which respectively only one brake was monitored.

A further change compared with the previous model is the dimension of the brake disc, which is as follows:

- 288x33 mm for all models up to and including the 310 series
- 308x33 mm for models of the 330 series

All the front brake discs are ventilated.
